

ELECTRICAL TECHNOLOGY

Dear grade 12 Electrical Technology learner

To succeed at the end of the year it is very important to keep on learning and applying the prescribed key concepts in Electrical Technology in the different themes and apply the theory in the making of the Practical Assessment Task (PAT)

Basic requirements for the subject

Text book, scientific calculator and PPE

Content Checklist

Below is a checklist you should use to ensure that you have covered the Grade 12 Electrical Technology content in full.

Electrical Technology (Power Systems)

Occupational Health and Safety

The consequences of the OHS Act, risk assessments, human rights in the workplace, work ethics and emergencies

RLC

The effect of AC on series and parallel RLC Circuits

Three Phase AC Generation

Power in three phase systems, measurements and calculations

Three Phase Transformers

Principle of operation, calculations and applications

Three Phase Motors & Starters

Principle of operation, testing and commissioning and starters

Programmable Logic Controllers (PLC)

Motor control using the PLC and Variable Speed Drives (VSD)

Electrical Technology (Electronics)

Occupational Health and Safety

The consequences of the OHS Act, risk assessments, human rights in the workplace, work ethics and emergencies

RLC

The effect of AC on series and parallel RLC Circuits

Semiconductor Devices

Introduction to the FET, UJT, Darlington, 741 op – Amp and 555 Timer

Switching Circuits

Electronic Switching circuits using the 555 Timer and the 741 Op – Amp

Amplifiers

Principle of operation and application of discrete component amplifiers and oscillators.

Assessment

School Base Assessment (Power Systems & Electronics)

(25%)

Term 1: Assignment	50 marks
Term 2: Control Test / Examination	200 marks
Term 3: Preparatory examination	200 marks
Total	450 converted to 100 marks

Practical assessment Task (PAT)

(25%)

Term 1: Simulation 1	50 marks
Term 2: Simulation 2	50 marks
Term (1-3): Project	150 marks
Total	250 converted to 100marks

External examination (50%) 3 hours

200 marks

Power Systems:

Topic	Grade 12	
	Percentage	Marks (+/-4)
Multiple Choice – choose correct answer	7.5%	15
Occupational Health and Safety	5%	10
RLC	17.5%	35
Three Phase AC Generation	17.5%	35
Three Phase Transformers	15%	30
Motors and Starters	17.5%	35
Programmable Logic Controllers	20%	40
Total	100%	200 Marks

Electronics:

Topic	Grade 12	
	Percentage	Marks (+/-4)
Multiple Choice – choose correct answer	7.5%	15
Occupational Health and Safety	5%	10
RLC	17.5%	35
Semiconductor Devices	22.5%	45
Digital and Sequential Devices	25%	50
Microcontrollers	22.5%	45
Total	100%	200 Marks

The school base assessment tasks and PAT's prepare you for your final examinations. Make sure that you hand in all your tasks. This will give you a good chance of passing and doing well.

Tips for Success

- Ask your teacher for the content framework for Grade 12 Electrical Technology. This will give you the detailed content. Paste it in your exercise book.
- Tick off every topic as it is taught in class, and write the relevant text book page numbers next to the topic.
- Make sure you can manipulate formula and solve problems.
- Systematically work through your Electrical Technology text book and your prescribed Practical Assessment Tasks
